INTRODUCTION TO THE HUCK FAMILY

Louis F.H. Huck was born January 10, 1855 in Hoyleton Township. IL. His wife Regina Wilhelmine Elisabeth (Hersemann) Huck was born on November 01, 1857 in Rothenuffen Nr.1, Kreis Minden/Westfalen Germany. They were married on May 27, 1880.

They were the parents of three sons and three daughters. These pages contain information about these sons and daughters.

I was particularly interested to know the genealogy of the Huck family and would like to meet as many of you as possible. After writing and talking to many of you, I feel a closer family relationship. I wish to thank everyone who participated by submitting your family histories. Without encouragement and effort by everyone, I could not have attempted to do this lineage.

Since time did not permit me to look up and search for everything, this will be a short history and not in complete detail. Hopefully it will inspire many of you to look into your roots more deeply. I am sure Louis and Regina moved to the area looking for a better economic, social and political environment to raise their family.

This book was compiled for the Hucks, their children, grandchildren, great-grandchildren and great-great-grandchildren and even now great-great-great-grandchildren. I sincerely hope you will continue to enter your family history additions to these pages. Please let me know if you find any mistakes and inaccuracies, as I would appreciate making correction. Where there are "?" (question marks), the information was unable to be obtained. I hope you enjoy this book and refer to it many times in the days to come.

We are very humble and proud of our heritage throughout the generations and hope to have it continue on through all of our offspring. We hope you feel as we do that God has truly blessed us all.

Note by Della (Huck) Napier (Written 09/15/2003) -- Husband Leslie has Diabetes and Parkinsons, so is really slowing down. I keep going (I have to) though slower. Our youngest, Dan, lives with us and does all the hard work. We have almost 700 acres, 150 leased for cattle and hay and the rest in forest where we have a hunt club who lease for deer hunting. Leslie pastured Baptist Churches for 40 years and served as a supply pastor since retiring in 1990. We both also taught school for 20 plus years. We've had extreme wet weather this year after 5 yrs. of drought. Everything is so beautiful and green—it was not a very good year for making hay. There were not 3 good days, back-to-back, very often and most of the farmers round bale so they can get it done fast when they do get to it. We've been up to our eye-balls in beans, peaches, tomatoes, etc. The pear tree is hanging to the ground and all the apple trees are bursting at the seams. We live on a hill (in the Allegheny Mountains) so we won't be bothered by the river's flooding if the hurricane hits here as they predict.
